# WHY DEPLOYED LOGIX?

At Deployed Logix we're redefining rapid deployment. Since our arrival to the emergency preparedness scene in 2012, we've **become the leader in American-made rapid deployment products** for field hospitals, disaster relief, base camps, and more.

DLX is dedicated to **serving those who serve**. It has been our honor to work extensively, both domestically and abroad, with:

Law Enforcement

EMT // Healthcare

USAR // Fire

Expeditionary Forces

Emergency Management

Private Organizations

“

WE'RE NOT IN THE  
SHELTER BUSINESS,  
WE'RE IN THE PEOPLE  
BUSINESS.

”

OUR TEAM UNDERSTANDS THAT WHEN A CRISIS CALLS, SECONDS COUNT.

## THE NEXGEN

In 2020, DLX developed a mobile hospital system for SOUTHCOM, a U.S. Department of Defense division. DLX was called into this project and rose to the occasion - providing 52 complete field hospitals capable of accommodating 40 patients each. These facilities were donated to countries in Latin America and the Caribbean in response to the COVID-19 pandemic. Receiving countries include:

Field Hospitals  
donated per  
country

14	Panama	3	El Salvador
6	Peru	2	Argentina
5	Dominican Republic	2	Bolivia
3	Colombia	2	Brazil
3	Costa Rica	2	Chile

We incorporated the best from the SOUTHCOM project, combined with **the latest innovations in mobile medical assets**, to create the NexGen Field Hospital package.

- ✓ More Flexibility
- ✓ Additional Capacity
- ✓ Around-The-Clock Customer Service
- ✓ Rapid Deployment Technology
- ✓ Industry Leading Equipment

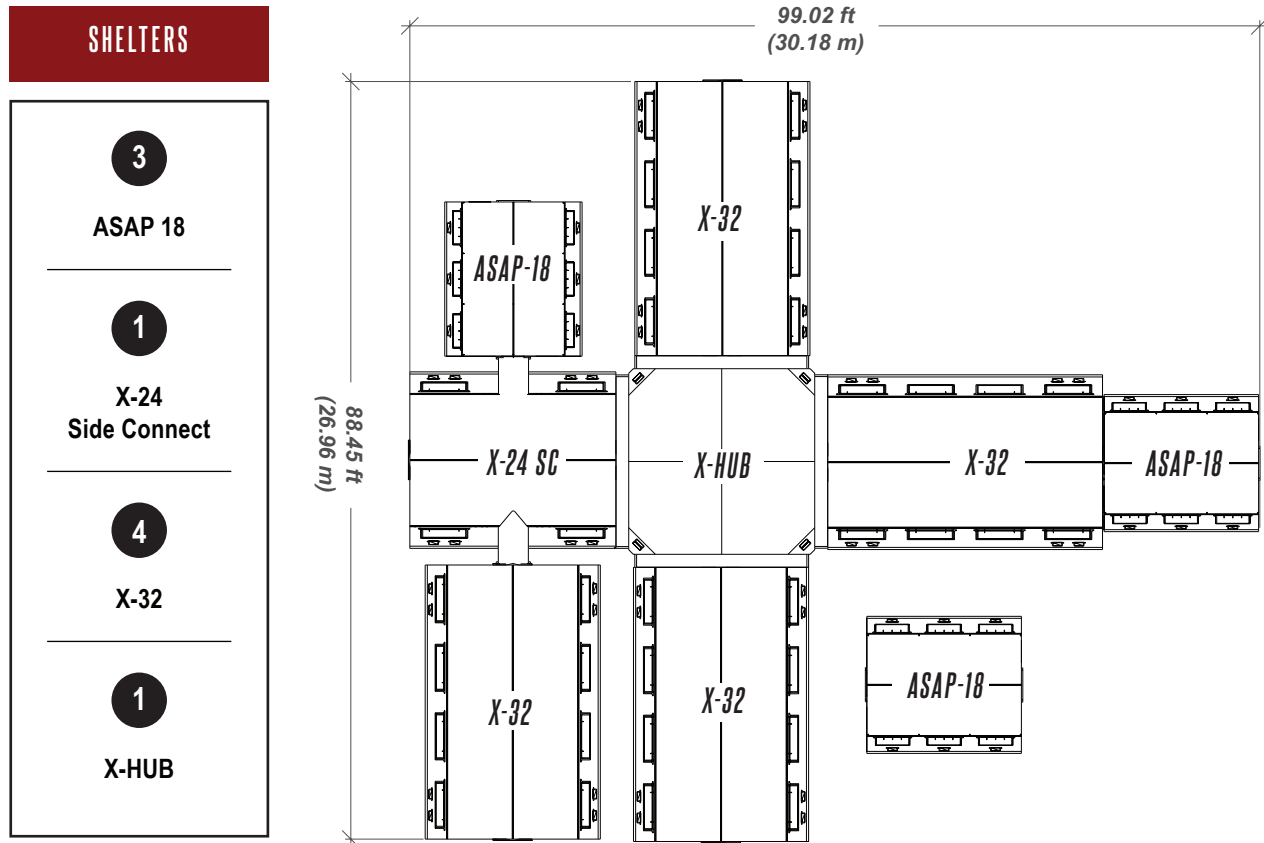

While we suggest the NexGen package, we understand the unique needs you have. **Check out our projects** on pages 12-20 to see the full range of our capabilities.

*As the world grapples with new challenges and disasters, we are committed to the constant improvement of our existing product lines and the innovation of new ones to meet the ever-evolving demands of the people we serve. We make this our mission so that you can better focus on yours.*

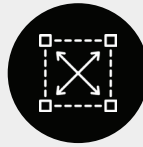

# THE NEXGEN LAYOUT

## CAPACITY

40 beds included  
in package and  
52+ patient capacity\*  
with additional beds

## USABLE AREA

4,527.83 ft<sup>2</sup>  
(420.65 m<sup>2</sup>)

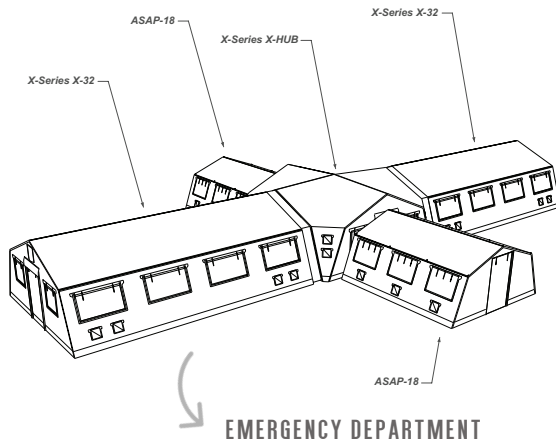

## DIMENSIONS

99.02 x 88.45 ft  
(30.18 x 26.96 m)

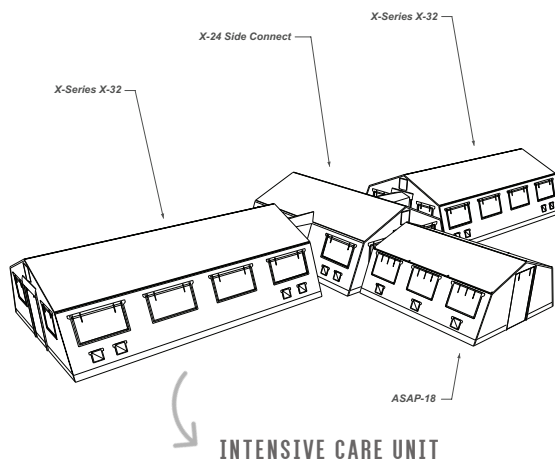

\*PATIENT CAPACITY IS SUBJECT TO CHANGE BASED ON INDIVIDUAL SHELTER USE.

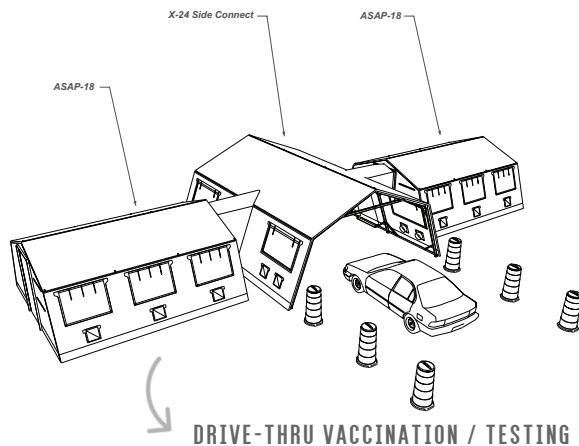

## OTHER CONFIGURATIONS

- |   |                |  |

| 2 | <b>ASAP</b>              | Nurses' stations<br>Equipment / medication storage |
| 1 | <b>X-24 Side Connect</b> | Drive-Thru   |

**NOTE:** The modular design of DLX shelters allows for countless configurations and uses beyond the examples listed above.

# TAKE IT UP A NOTCH // PRODUCT LINES

## SHELTERS

*Pictured: X-24 Shelter*

Do you need more usable space, a smaller footprint, and a shorter setup time? We've, quite literally, got you covered. ASAP®, X-Series, and HUB shelters available.

## SHELTER OPTIONS

*Pictured: Rigid Door*

Everything from rigid doors to roof art, shelter Options help a setup of any scale take it up a notch to meet your mission-specific needs.

## POWER LOGIX®

*Pictured: Off-Grid Power*

The setup of your electrical system should be as easy as plugging it in and flipping a switch, and with the DLX Power Logix® line, it is.

## FIELD ASSETS

*Pictured: Best Case by DLX™*

Designed with rapid deployment in mind, all DLX Field Assets add functionality to any shelter without sacrificing time or resources.

**NOTE:** For a complete listing of all DLX products, please visit [www.deployedlogix.com](http://www.deployedlogix.com)

## WATER LOGIX

*Pictured: AW-100 Field Toilet*

From showers to full scale water handling kits, the Water Logix line by DLX has you covered with all the products to keep you feelin' fresh.

## CLIMATE CONTROL

*Pictured: 5 Ton HVAC*

Don't let weather put a damper on your deployment. Brave the harshest conditions in confidence with Climate Control solutions by DLX.

## TRAILERS

*Pictured: 3BT Steel*

DLX Custom Trailers are designed with extreme utility in mind. Regardless of your cache size or deployment scale, you'll be ready to roll with a trailer solution from DLX.

## SPECIALTY PRODUCTS

*Pictured: DLX Drive-Thru*

All DLX Specialty Products have been built or sourced in direct response to an emerging problem around the globe and have been field tested for efficacy.

# TWO-LANE DECON SHOWER

“

THE CONVENIENCE OF AN  
ALL-HAZARD RESPONSE  
SHELTER & DECON  
SHOWER IN ONE.

# WORLD HEALTH ORGANIZATION - EMT

Thanks to the adaptability and interconnectivity of our equipment, DLX has supported three groups with World Health Organization's EMT classification. Our shelters, working on their own and as a system, can offer different response capabilities depending on the need. DLX has worked with the following EMT classified teams:

NAME	YEAR	COUNTRY	EMT TYPE
Caja Costarricense Seguro Social	2017	Costa Rica	Type 1 Fixed
Ministerio Salud Pública Ecuador	2018	Ecuador	Type 2 (2); Specialized Care (Surgical)
Barbados Defense Force Bdf	2019	Barbados	Type 1 Fixed
International Medical Corps	2021	USA	Type 1 Fixed and Mobile
UK-MED	2022	United Kingdom	Type 1 Fixed
Americares	2022	USA	Type 1 Fixed

## INTERNATIONAL MEDICAL CORPS - TYPE 1 CONFIGURATION

### SHELTER OPTIONS

Bump Door  
DLX Connector  
Rigid Door  
Patient Room Partitions  
Side Window ID Panels

### FIELD ASSETS

Best Case by DLX™

Tri-Fuel Water Heater  
Water Containment

### SPECIALTY PRODUCTS

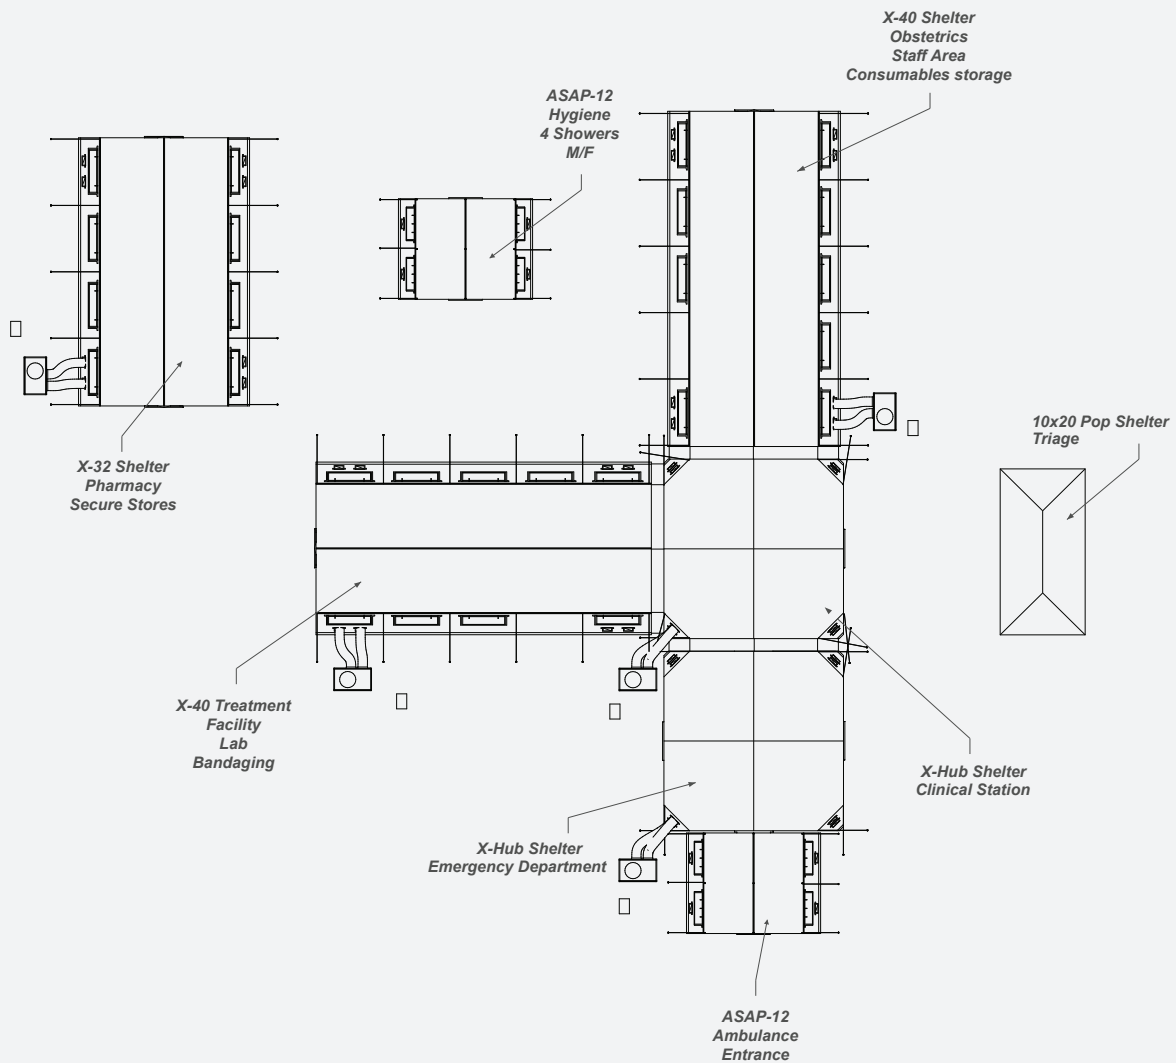

Isolation Unit  
E-Rack  
PASS - 1600  
Two-Lane Decon

## SHELTERS

- (3) X-40 X-Series
- (1) X-32 X-Series
- (2) X-HUB X-Series
- (2) ASAP-12
- (1) Instant Canopy

NOTE: Medical equipment is not included or sold as a part of this package

## SHELTER FEATURES

1. Aircraft-grade aluminum frame
2. Blackout Mil-Spec vinyl
3. Flame & mildew resistant
4. Designed to withstand rain, snow, high winds, extreme heat, and humidity in many climates

## INTEROPERABILITY

1. All new DLX Shelters are designed to be compatible with older DLX Shelter models
2. Replacement parts and upgrade packages available for older shelter models
3. DLX Shelters are designed to be compatible with many other shelter brands
4. Every shelter uses the same simple, uniform connection process

## OUR PROMISES TO YOU

1. Perform with the highest integrity
2. Earn and maintain your trust
3. Continue to research, develop, and innovate to deliver the most reliable and high-performance products in the emergency preparedness industry
4. Stand behind every product we design // supply
5. Always provide products that fall in line with what rapid deployment truly means
6. Be your partner: The Team Behind Your Team™

**RAPID DEPLOYMENT REDEFINED®**

## THE TEAM BEHIND YOUR TEAM™

“

The team that was dispatched to Peru did a great job. Their outstanding language abilities and their unhurried, yet steady approach to training made sure that learning occurred while timelines were still met.

”

- Major Christopher Hayes // Operations Officer, SOUTHCOM

## OUR CERTIFICATIONS

At DLX we are committed to finding solutions to difficult problems. Tell us about your mission and we will use our combined decades of experience to design a system that best meets your needs.

### FEMA

The FEMA USAR Equipment Cache List was developed and vetted through a public comment and adjudication period by the USAR organization and final vote by the USAR Board of Directors. The list of tools, which includes DLX products, is vetted by a working group from Federal Search and Rescue.

DLX was founded in 2012 and has been making a name for itself in the industry ever since. As a recent graduate of the SBA 8(a) program, our minority-led small business has grown into a global company with a presence on nearly every continent. We are uniquely positioned to take on projects of any scale due to our vastly talented crew and wide range of manufacturing capabilities. With products backed by a three-year limited warranty and customer service to match, you can always rely on DLX to help you get the job done.

### GSA

We are pleased to offer our clients the speed and convenience of GSA Advantage. GSA Advantage is an online purchasing service facilitated by the U.S. General Services Administration to streamline the purchase of goods and services from verified contractors to government agencies.
