

ENERGY TO MATCH YOURS.

# POWER LOGIX<sup>®</sup>

PX-1000

# THE POWER LOGIX® PHILOSOPHY

*A no-nonsense approach to all your power needs.*

## FLEXIBLE OFF-GRID POWER

Power Logix® products are as mobile and adaptable as you are. We offer numerous off-grid power solutions with multiple fuel sources for ultimate flexibility.

## CUSTOM SCALABLE SOLUTIONS

Whether it's powering a single shelter for a couple of hours or an entire field hospital for several months, DLX has you covered for any mission, any size.

## SAFELY GOES WHERE YOU DO

We provide dust and waterproof cases to keep your equipment clean, dry, and ready to tackle the same tough terrain that you are.

## TESTED AND CERTIFIED

All DLX Power Logix® products are hand-selected to meet quality and safety standards. We are committed to providing the best equipment in the industry with customer service to match.

Scene Light

# BUILDING THE CIRCUIT

We do the work to determine power requirements based on the size and scope of your deployment, taking into consideration your climate control needs, lighting, personal devices, and anything else that you'll plug in. All of this ensures that when you get to your deployment site, the setup of your electrical system is as easy as plugging it in and flipping a switch.

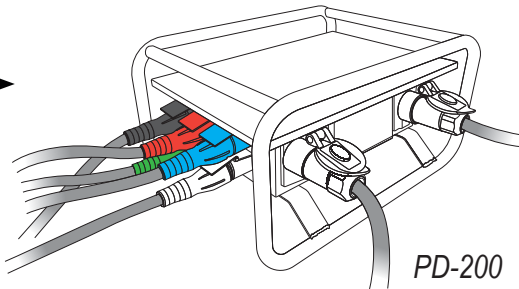

Our packages can be tailored to fit any scenario from small, single-shelter deployments of a few hours, to multi-shelter field hospitals with filtration, lighting, and HVACs that will remain set up for months. You can see examples of different power tiers on the following pages, **but please contact us for a customized solution designed for your specific needs.**

## POWER SOURCE

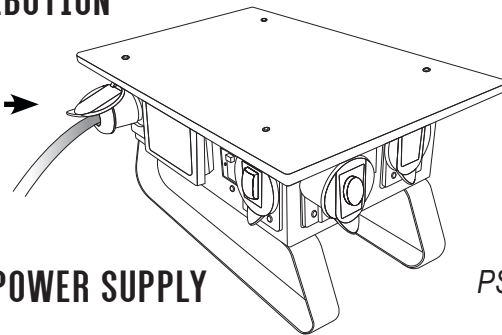

Generator Trailer

## POWER DISTRIBUTION

### LARGE GENERATORS

We offer a selection of recommended diesel generators that are efficient and quiet. These versatile power sources can handle a variety of missions in the harshest conditions.

### SMALL GENERATORS

Deployed Logix offers a selection of compact gas generators that are quiet and mobile. Power meets durability with rugged steel-tube cradling, all-terrain tires, and enough energy to power multiple HVACs.

### POWER DISTRIBUTION

Once you've got power flowing, make sure it gets where it's needed with DLX power distribution panels. These compact units come with everything you need so you can plug in and power up.

### SOLAR BATTERIES

Say goodbye to noise, fuel, and fumes, and hello to eco-friendly solar-powered batteries. Each unit includes a variety of port options for maximum versatility.

### GENERATOR TRAILERS

Whether it's a few miles or across the country, ensure your power source is as deployment-ready as you are with a trailer-mounted generator. Ideal for any mission that may mobilize.

### BATTERIES

Our battery pack options are efficient, silent, and mobile. These are perfect options for laptops, radios, phones, and anything else that needs a little extra juice.

### LIGHTING

DLX lighting options include both energy-efficient LEDs for internal shelter lighting and powerful exterior scene lights for deployments that stretch long into the night.

### HARD CASES

You can count on your Power Logix® products to be safe and sound in our heavy-duty hard cases. Various colors and sizes are available.
