

THE TEAM BEHIND YOUR TEAM™

WHY DEPLOYED LOGIX?

At Deployed Logix, we're redefining rapid deployment. We are the leader in American-made products for disaster preparedness and emergency response. DLX is dedicated to serving those who serve. It's our honor to work extensively, both domestically and abroad, with:

- LAW ENFORCEMENT
- USAR // FIRE
- EMERGENCY MANAGEMENT
- EMT // HEALTHCARE
- EXPEDITIONARY FORCES
- PRIVATE ORGANIZATIONS

“**THAT IS A WELL-BUILT, WELL-FABRICATED FACILITY MADE BY CRAFTSMEN THAT REPRESENT THE VERY BEST OF THE UNITED STATES. IT MADE ME PROUD, REALLY PROUD.**”

- Admiral Craig S. Faller // Commander, US Southern Command (SOUTHCOM)

Our team understands that when a crisis calls, seconds count.

We are passionate about people and creating products that make their lives safer and easier. Many of the professionals we serve work in remote locations, often in the harshest environments and most extreme weather conditions. As such, we ensure that every shelter, generator, HVAC, and support item that DLX provides meets the most stringent demands of quality and uncompromising performance.

As the world grapples with new challenges and disasters, we are committed to the constant improvement of our existing product lines and the innovation of new ones to meet the ever-evolving demands of the people we serve. We make this our mission so that you can better focus on yours.

WHAT WE DO

- Field Hospitals
- Drive-Thrus
- Base Camps
- Hygiene
- Off-Grid Power
- Climate Control
- Decon & Isolation
- Water Rescue
- Trailers
- Certified On-Site Training
- Customized Mission-Ready Packages
- Fully Scalable Solutions

DLX was founded in 2012 and has been making a name for itself in the industry ever since. As a recent graduate of the SBA 8(a) program, our minority-led small business has grown into a global company with a presence on nearly every continent. We are uniquely positioned to take on projects of any scale due to our vastly talented crew and wide range of manufacturing capabilities. With products backed by a three-year limited warranty and customer service to match, you can always rely on DLX to help you get the job done.
