“Monarch: Legacy of Monsters,” is the sixth installment in the MonsterVerse franchise from Legendary Pictures, based on Godzilla by Toho Co. Ltd. The ten-episode series was released on Apple TV+ and follows the staff of Monarch as they study Godzilla and other Titans over the span of several decades.

DLX shelters were selected by the production team because of their speed of deployment, ease of use, aesthetic design, and customer service. They are used onscreen immediately following an attack by Godzilla, fulfilling the role of humanitarian relief shelters and field hospitals.
